FAX (973) 546-8859

Krehel Automotive Repair, Inc., established in 1982, provides a service that may benefit your company. We specialize in the comprehensive repair and maintenance of commercial and fleet vehicles, and currently service over forty-five fleets. When considering Krehel Automotive Repair, please keep in mind:

- We provide quick service and realize that the loss of your company vehicle is more than an inconvenience.
- While being serviced, small items such as hoses, belts, tire pressure, etc., will be checked to help prevent further downtime.
- Maintenance can be scheduled at your convenience, allowing us to work on vehicles when they are not needed. We are open Monday through Saturday.
- Our modern shop has all the necessary equipment to work on even the newest models of cars, vans, buses and trucks.
- Our expertise in repair includes; diesels, four wheel drive, industrial engines, transmissions (manual and automatic), snowplows, liftgates, wheelchair lifts, etc., and are capable of welding and custom fabrication.
- Our snowplowing and salting service provides 24-hour maintenance.
- We are both an official New Jersey Motor Vehicle and Federal Inspection Station. We can also perform Opacity tests on Diesel trucks.
- We have been authorized to repair PHH and Donlon vehicles.

Thank You,

Keith Krehel
President
